The party with a difference... it makes a difference

In 2016 Andre Mansoori-Dara set an intention to create a party for people to enjoy that would not only be a night to remember for the high class entertainment, fabulous fun and delightful company but also one that would make a difference. Andre's first Charity Ibiza party was launched in October 2016. The event was fully sponsored by André himself and funds raised were donated to Dementia Forward and Harrogate Hospitals Children's Ward.

Due to the huge success and the demand from the guests who attended, on Sunday 30th April 2017 Andre's Ibiza opening Party #2 will be opening the doors to guests for a bank holiday Ibiza themed extravaganza. It will be raising money for the same great causes.... but this time.. the intentions have yet again been set... It will be bigger, better and, with the opportunity for sponsors to get involved and support the cause, will raise even more money for charity.
